

KNOW YOUR RIGHTS

YOUR VOICE, YOUR VOTE: VOTING IN CALIFORNIA

Voting is a fundamental right and a cornerstone of American government. Our democracy works best when all voices are represented, but some politicians still try to use voter suppression tactics to silence underrepresented communities. Don't let them!

When voters turn out for federal, state, and local elections, we can hold politicians accountable and make critical decisions about how our tax dollars are spent and what we want for our communities.

WHO CAN VOTE?

You can register and vote in California if you are a United States citizen and a resident of California who is 18 years old or older on Election Day.

You are eligible to vote if you meet these criteria and you are also:

- **A student:** Attending a college, trade school, or technical school out of state. Learn more [here](#).
- **A military or overseas voter:** Register early to ensure you receive your voting materials on time. Learn more [here](#).
- **Unhoused:** You may register to vote at a location where you spend most of your time. You must describe the location clearly enough for the elections official to establish your right to vote in a specific precinct (such as cross streets or a

shelter address). This ensures accurate election materials can be provided to you. A mailing address, if available, should be provided in order for you to receive election materials; this can be any place you receive your mail.

- **Someone with a criminal conviction and:**
 - In county jail serving a misdemeanor sentence (a misdemeanor never affects your right to vote); as a condition of probation (misdemeanor or felony); or serving a felony jail sentence,
 - On probation, mandatory supervision, post-release community supervision, or federal supervised release,
 - On parole,
 - Pre-trial or awaiting trial for any crime,
 - Have a juvenile adjudication, or
 - Have completed your sentence.

You *cannot* register and vote if you are not a United States citizen and a resident of California, or if you are:

- Younger than 18 – *but* you can pre-register to vote if you are 16 or 17 years old. Pre-registration does not change the voting age, which is 18. Youth who pre-register to vote will have their registration become active once they turn 18 years old. Learn more [here](#).
- Currently serving a state or federal prison sentence. Once you are released from prison your right to vote is restored, but you must register (or re-register) to vote. Learn more about voting rights in California for people impacted by the criminal legal system at [LetMeVote.org](#).
- Currently found mentally incompetent to vote by a court.

What happens if my signature doesn't match or I forget to sign my vote-by-mail ballot envelope?
